INDÈPENDENT AUDITOR'S REPORT

May 26, 2005

To the Fire Board Au Gres Sims Fire Authority Arenac County, Michigan

We have audited the accompanying financial statements of the governmental activities and each major fund of Au Gres Sims Fire Authority, Arenac County, Michigan as of and for the year ended March 31, 2005, which collectively comprise the Fire Department's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Au Gres Sims Fire Authority's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Au Gres Sims Fire Authority, Arenac County, Michigan as of March 31, 2005, and the respective changes in financial position thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 1, the Fire Department has implemented a new financial reporting model, as required by the provisions of GASB Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, as of April 1, 2004.

The Management's Discussion and Analysis and budgetary comparison information listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS For the year ended March 31, 2005

The Management's Discussion and Analysis report of the Au Gres Sims Fire Authority covers the Fire Department's financial performance during the year ended March 31, 2005.

FINANCIAL HIGHLIGHTS

Our financial status remained stable over the last year. Net assets at March 31, 2005, totaled \$419,320.90 for governmental activities. Total revenues were \$127,705.75. The net decrease in net assets of \$8,057.65 included an \$48,300.00 depreciation deduction.

We did not incur any new debt.

OVERVIEW OF FINANCIAL STATEMENTS

This annual report consists of three parts, management's discussion and analysis, the basic financial statements and required supplementary information. The basic financial statements include two different kinds of statements that present different views of the Fire Department and the notes to the financial statements.

The first two statements are entity-wide financial statements and provide both long and short-term information about our overall financial status. These statements present governmental activities.

The remaining statements are fund financial statements, which focus on individual parts of the Fire Department in more detail.

The notes to the financial statements explain some of the information in the statements and provide more detailed data.

Required supplementary information further explains and supports the financial statement information with budgetary comparisons.

ENTITY-WIDE FINANCIAL STATEMENTS

The entity-wide statements report information about the Fire Department as a whole using accounting methods used by private companies. The statement of net assets includes all of the Fire Department's assets and liabilities. The statement of activities records all of the current year revenues and expenses regardless of when received or paid.

The two entity-wide statements report net assets and how they have changed. Net assets are the difference between the entity's assets and liabilities and this is one method to measure the entity's financial health or position.

Over time increases/decreases in the entity's net assets are an indicator of whether financial position is improving or deteriorating.

To assess overall health of the entity you may also have to consider additional factors such as tax base changes, facility conditions and personnel changes.

MANAGEMENT'S DISCUSSION AND ANALYSIS For the year ended March 31, 2005

FUND FINANCIAL STATEMENTS

There are no fund financial statements as the Fire Department has only one fund.

FINANCIAL ANALYSIS OF THE FIRE DEPARTMENT AS A WHOLE

During the year, the department maintained the building and equipment we have. We purchased new equipment totaling \$22,297.00.

FINANCIAL ANALYSIS OF THE FIRE DEPARTMENT'S FUNDS

The Fire Department has only one fund. Please refer to the financial highlights section of this report for summary information or refer to the financial statement for more detailed information about the financial position and results of operations of our department.

CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

The Fire Department invested \$22,297.00 in capital assets in the current fiscal year.

The Fire Department paid \$14,469.68 in principal on long-term debt.

KNOWN FACTORS AFFECTING FUTURE OPERATIONS

Future funding of the Fire Department is dependent on the financial support from and the financial stability of Au Gres and Sims Townships and the City of Au Gres.

CONTACTING THE FIRE DEPARTMENT'S MANAGEMENT

This financial report is designed to provide our investors and customers with a general overview of the Fire Department's finances and to demonstrate the Fire Department's accountability for the revenues it receives. If you have any questions concerning this report, please contact the Fire Department.

Fund Balance, March 31	209 176 78

RECONCILIATION OF THE STATEMENT OF REVENUE, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUND TO THE STATEMENT OF ACTIVITIES Year ended March 31, 2005

NET CHANGE IN FUND BALANCE - TOTAL GOVERNMENTAL FUND

3 475 67

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures; in the Statement of Activities, these costs are allocated over their estimated useful lives as depreciation

Depreciation Expense Capital Outlay

(48 300 00)

22 297 00

Repayment of debt principal is an expenditure in the governmental funds, the repayment does not have an effect in the statement of activities but does reduce the debt balance in the statement of net assets.

Principal payments on long-term debt

14 469 68

CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES

(8 057 65)

NOTES TO FINANCIAL STATEMENTS March 31, 2005

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the Au Gres Sims Fire Authority, Arenac County, Michigan, conform to generally accepted accounting principles as applicable to governmental units.

Reporting Entity

The financial statements of the Fire Department contain all the Fire Department funds that are controlled by or dependent on the Fire Department's executive or legislative branches.

The reporting entity is the Au Gres Sims Fire Authority. The Fire Department is governed by an elected Fire Board. As required by generally accepted accounting principles, these financial statements present the Fire Department as the primary government.

Government-Wide and Fund Financial Statements

The government-wide financial statements, (the Statement of Net Assets and the Statement of Changes in Net Assets) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All the Fire Department's government-wide activities are considered governmental activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, intergovernmental payments and other items not properly included among program revenues are reported as general revenue.

Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, restricted resources are applied first.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures relating to compensated absences, and claims and judgments are recorded only when payment is due.

NOTES TO FINANCIAL STATEMENTS March 31, 2005

Note 1 - Summary of Significant Accounting Policies (continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

The Fire Department reports only one fund as follows:

 The General Fund is used to record the operations of the Fire Department which pertain to maintaining and operating the Fire Department. Included are all transactions related to the approved current operating budget.

Assets, Liabilities and Net Assets or Equity

Bank deposits and investments – Cash and cash equivalent investments include cash on hand, demand deposits, certificates of deposit and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

Receivables

Receivables have been recognized for all significant amounts due to the Fire Department. Allowances for uncollectible accounts have not been provided for in that collection is not considered doubtful and any uncollected amount would be immaterial.

Inventories

Inventories of supplies are considered to be immaterial and are not recorded.

Property Taxes

The Fire Department does not levy any property taxes.

Encumbrances

Encumbrances involving the current recognition of purchase orders, contracts and other commitments for future expenditures are not recorded.

Capital Assets

Capital assets are defined by the Fire Department as assets with an initial cost of more than \$1,000.00 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost. Donated assets are reported at estimated fair market value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings and improvements Vehicles and equipment 30 years 3-10 years

Compensated Absences (Vacation and Sick Leave)

Employees are not allowed to accumulate vacation and sick pay.

Post-employment Benefits

The Fire Department provides no post-employment benefits to past employees.

NOTES TO FINANCIAL STATEMENTS March 31, 2005

Note 1 - Summary of Significant Accounting Policies (continued)

Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Accounting Change

Effective April 1, 2004, the Fire Department implemented the provisions of Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments (GASB No. 34). Changes to the Fire Department's financial statements as a result of GASB No. 34 are as follows:

A Management's Discussion and Analysis (MD&A) section providing analysis of the Fire Department's overall financial position and results of operations has been included.

Government-wide financial statements (Statement of Net Assets and Statement of Activities) prepared using the full accrual accounting for all the Fire Department's activities have been provided.

Capital assets in the governmental activities column of the Statement of Net Assets include net assets totaling \$294,867.00.

Note 2 - Budgets and Budgetary Accounting

The following procedures are followed in establishing the budgetary data reflected in these financial statements:

- 1. Prior to the beginning of the fiscal year, the proposed budget for each budgetary fund is submitted to the Fire Board for consideration.
- 2. The proposed budgets include expenditures as well as the methods of financing them.
- 3. Public hearings are held to obtain taxpayer comments.
- 4. The budgets are adopted at the activity level by a majority vote of the Fire Board.
- 5. The budgets are adopted on the modified accrual basis of accounting.
- 6. The originally adopted budgets can be amended during the year only by a majority vote of the Fire Board.
- 7. The adopted budgets are used as a management control device during the year for all budgetary funds.
- 8. Budget appropriations lapse at the end of each fiscal year.
- 9. The budgeted amounts shown in these financial statements are the originally adopted budgets with all amendments that were approved by the Fire Board during the fiscal year.

NOTES TO FINANCIAL STATEMENTS March 31, 2005

Note 3 - Deposits and Investments

Michigan Compiled Laws, Section 129.91, authorizes the Fire Department to deposit and invest in the accounts of federally insured banks, credit unions, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or federal agency obligation repurchase agreements; banker's acceptance of United States banks; commercial paper rated within the two highest classifications, which mature not more than 270 days after the date purchase; obligations of the State of Michigan or its political subdivisions which are rated as investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan.

The Fire Board has designated two banks for the deposit of Fire Department funds. The investment policy adopted by the board in accordance with Public Act 196 of 1997 has authorized investment in all investments authorized by state law as listed above.

The Fire Department's deposits and investments are in accordance with statutory authority.

The Governmental Accounting Standards Board Statement No. 3, risk disclosures for the cash deposits are as follows:

 Carrying Amounts

 Total Deposits
 209 176 78

Amounts in the bank balances are without considering deposits in transit or uncleared checks.

Insured (FDIC)
Uninsured and Uncollateralized

Total Deposits

Bank
Balances

142 864 36
66 312 42

The Fire Department did not have any investments as of March 31, 2005.

Note 4 - Capital Assets

Capital asset activity of the Fire Department's Governmental activities for the current year was as follows:

	Balance 4/1/04	Additions	Deletions	Balance 3/31/05
Governmental Activities: Buildings and improvements	350 000 00		-	350 000 00
Vehicles and equipment	365 550 00	22 297 00		387 847 00
Total Accumulated Depreciation	715 550 00 (394 680 00)	22 297 00 (48 300 00)	<u>-</u>	737 847 00 (442 980 00)
Net Capital Assets	320 870 00	(26 003 00)		

NOTES TO FINANCIAL STATEMENTS March 31, 2005

Note 5 - Changes in Long-Term Debt

The following is a summary of the changes in long-term debt.

	Balance <u>4/1/04</u>	Additions	Deductions	Balance 3/31/05
Note Payable	<u>99 192 56</u>		14 469 68	84 722 88

Note 6 - Note Payable

During the fiscal year ended March 31, 2000, the Authority purchased a fire truck for \$205,174.00, which was delivered in the fiscal year ending March 31, 2001. The fire truck was financed in part by a seller financing loan through the Huron Community Bank in the amount of \$150,000.00. The loan is to be repaid in ten equal annual installments of \$19,520.14, including interest at 5.109%. The following is a summary of the outstanding debt payments:

Due Date	Total	Interest	Principal
11 1 05	19 520 14	3 854 17	15 665 97
11-1-05 11-1-06	19 520 14	3 521 90	15 998 24
11-1-07	19 520 14	2 705 99	16 814 15
11-1-08	19 520 14	1 848 47	17 671 67
11-1-09	<u>19 520 14</u>	947 29	<u>18 572 85</u>
Total	97 600 70	12 877 82	84 722 88

Note 7 - Fire Hall Lease

On January 10, 1997, the Authority leased a new fire hall from the City of Au Gres, effective February 1, 1997, for a period of ten years.

The lease requires the Authority to pay annual payments to the City of Au Gres as follows:

	7/1/2005	29 125 00
	7/1/2006	<u>52 750 00</u>
Total		81 875 00

Other provisions of the lease include:

- 1. The Authority is responsible for all maintenance and repairs.
- 2. The Authority is to maintain Fire and Casualty insurance coverage of at least \$275,000.00.
- 3. The Authority is to maintain adequate liability insurance.

Lease expense for the year ended March 31, 2005, was \$29,737.50.

Note 8 - Deferred Compensation Plan

The Fire Department does not have a deferred compensation plan.

NOTES TO FINANCIAL STATEMENTS March 31, 2005

Note 9 - Risk Management

The Fire Department is exposed to various risks of loss related to property loss, torts, errors, omissions, and employee injuries (workers' compensation). The Fire Department has purchased commercial insurance for property loss, torts and workers' compensation claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

Note 10 - Pension Plan

The Fire Department does not have a pension plan.

Note 11 – Budget Variances

During the fiscal year ended March 31, 2005, Fire Department expenditures exceeded the budgeted amounts in the activities as follows:

	Total Budget	Total Expenditures	Excess Expenditures
General Fund Activity: Capital outlay	6 572 29	22 297 00	15 724 71

BUDGETARY COMPARISON SCHEDULE - GENERAL FUND Year ended March 31, 2005

AUDIT COMMUNICATION AND REPORT OF COMMENTS AND RECOMMENDATIONS

May 26, 2005

To the Fire Board Au Gres Sims Fire Authority Arenac County, Michigan

We have audited the financial statements of the Au Gres Sims Fire Authority for the year ended March 31, 2005. As required by auditing standards generally accepted in the United States, the independent auditor is required to make several communications to the governing body having oversight responsibility for the audit. The purpose of this communication is to provide you with additional information regarding the scope and results of our audit that may assist you with your oversight responsibilities of the financial reporting process for which management is responsible.

<u>AUDITOR'S RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED STATES</u>

We conducted our audit of the financial statements of the Au Gres Sims Fire Authority in accordance with auditing standards generally accepted in the United States. The following paragraph explains our responsibilities under those standards.

Management has the responsibility for adopting sound accounting policies, for maintaining an adequate and effective system of accounts, for the safeguarding of assets, and for devising an internal control structure that will, among other things, help assure the proper recording of transactions. The transactions that should be reflected in the accounts and in the financial statements are matters within the direct knowledge and control of management. Our knowledge of such transactions is limited to that acquired through our audit. Accordingly, the fairness of representations made through the financial statements is an implicit and integral part of management's accounts and records. However, our responsibility for the financial statements is confined to the expression of an opinion on them. The financial statements remain the responsibility of management.

The concept of materiality is inherent in the work of an independent auditor. An auditor places greater emphasis on those items that have, on a relative basis, more importance to the financial statements and greater possibilities of material error than those items of lesser importance or those in which the possibility of material error is remote.

For this purpose, materiality has been defined as "the magnitude of an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would have been changed or influenced by the omission or misstatement."

An independent auditor's objective in an audit is to obtain sufficient competent evidential matter to provide a reasonable basis for forming an opinion on the financial statements. In doing so, the auditor must work within economic limits; the opinion, to be economically useful, must be formed within a reasonable length of time and at reasonable cost. That is why an auditor's work is based on selected tests rather than an attempt to verify all transactions. Since evidence is examined on a test basis only, an audit provides only reasonable assurance, rather than absolute assurance, that financial statements are free of material misstatement. Thus, there is a risk that audited financial statements may contain undiscovered material errors or fraud. The existence of that risk is implicit in the phrase in the audit report, "in our opinion."

To the Fire Board Au Gres Sims Fire Authority Arenac County, Michigan

In the audit process, we gain an understanding of the internal control structure of an entity for the purpose of assisting in determining the nature, timing, and extent of audit testing. Our understanding is obtained by inquiry of management, testing transactions, and observation and review of documents and records. The amount of work done is not sufficient to provide a basis for an opinion on the adequacy of the internal control structure.

SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are described in Note 1 to the financial statements.

OTHER COMMUNICATIONS

Auditing standards call for us to inform you of other significant issues such as, but not limited to, 1) Accounting estimates that are particularly sensitive because of their significance to the financial statements or because of the possibility that future events affecting them may differ markedly from management's current judgments; 2) Significant audit adjustments that may not have been detected except through the auditing procedures we performed; 3) Disagreements with management regarding the scope of the audit or application of accounting principles; 4) Consultation with other accountants; 5) Major issues discussed with management prior to retention; and 6) Difficulties encountered in performing the audit.

We have no significant issues, regarding these matters, to report to you at this time. Audit adjustments were minimal, and are available to review.

GASB 34 IMPLEMENTATION

The Governmental Accounting Standards Board issued a new reporting model for governmental units which was required to be implemented for the fiscal year ended March 31, 2005. The implementation of this pronouncement for the Au Gres Sims Fire Authority began with the year ended March 31, 2005. The daily operations and recording transactions did not change significantly, however, the Fire Department is required to maintain additional records for the year end adjustments to the final presentation format.

COMMENTS AND RECOMMENDATION REGARDING INTERNAL CONTROLS/ COMPLIANCE/ EFFICIENCY

Our procedures disclosed no conditions that we would like to bring to your attention.

These conditions were considered in determining the nature, timing and extent of the audit tests to be applied in our audit of the Fire Department's financial statements and this communication of these matters does not affect our report on the Fire Department's financial statements, dated March 31, 2005.

SUMMARY

We welcome any questions you may have regarding the foregoing comments and we would be happy to discuss any of these or other questions that you might have at your convenience.

Sincerely, Coupbell, Kustuli, Co., P.C.
